Tony,

As we discussed by phone last week and again today, the applicant for Dr. Hardwick's proposed application for our Notice of Proposed Change to waive the 90-day review timeframe by the County. We would like the County to diligently process the NOPC application and schedule the appropriate public hearings as soon as possible.

We would like to continue the Planning & Zoning Commission hearing for our rezoning and Comp Plan amendment applications to the October board meeting, rather than September. This will give the Applicant sufficient time to modify our PCD site plan and meet with the neighboring property owners prior to the board meeting. We would like to be scheduled for an October BCC date if possible.

Thank you for your assistance with this project. We look forward to continuing to work with you.
